# OUR PRODUCTS

## Respiratory Aids

### Oxygen Concentrators

The device produces concentrated oxygen from room air for delivery to a patient requiring low flow oxygen. We also supply nasal cannula's, oxygen tubing and swivel connector.

### Nebulizer

A nebulizer is a machine used to change liquid medication into a vapour that you can inhale.

It works by pumping pressurised air through the liquid to form a fine mist, which can then be breathed in through a mask or mouthpiece.
